## BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 15c and 30c.

## PERU

Only a few deer were taken in this town during the hunting season.

Wendell Cooledge of Dorset spent a part of last week visiting his sister, Mrs. D. B. Stone.

Work has again been taken up on the foundation of the Community house. J. F. Farnum and C. E. Beckwith are doing the work.

Mrs. W. B. Robinson returned to her home in Natick, Mass., last week and Miss Pierce has returned from her trip to Winchendon, Mass., and is again with Mrs. W. H. Simonds.

The village school completed a twelve weeks term on Saturday of last week and is having a vacation over this week before beginning the winter term of ten weeks.

In the absence of the pastor, Rev. C. C. Lyon, who was called to Monks, Mass., last week, the Sunday morning service was conducted by Mrs. Lyon who read a sermon.

A meeting under the management of the Bennington County Farm Bureau was held Thursday afternoon in the church with Mr. Sawyer of New Hampshire as speaker. Solicitors for memberships were also in town on Monday.

The warm weather of the last of the week took the last of the snow which had been on the ground for about two weeks. The warm weather was followed by a hard rain Saturday which helped the springs very much.

While Mrs. B. LaFlamme was returning from Londonderry where she had been to get a pair of horses shod on Wednesday of last week, the horse she was driving was shot dead in the woods near Bangood's mill. We understand that the shot was fired by Rollin Rowley who was out deer hunting near there, and we also understand that Mr. Rowley settled for the horse.

Our oldest resident, W. B. Simonds celebrated his 94th birthday on Saturday, November 19. Mr. Simonds is in very good health, enjoys reading the papers and keeping in touch with the news of the day. He has husked over seventy bushels of corn this fall. He received a number of birthday cards and letters and remembrances from relatives and friends who wish him many more happy birthdays.

Beauty is Harmony.

There can be no harmony, and therefore no beauty, in a home in which the wife and mother is cross and irritable and dull-spirited. Often as not, disease is at the bottom of such a condition.

Let the woman who is always tired and who suffers from low spirits and mysterious aches and pains, only try Lydia E. Pinkham's Vegetable Compound. She will then see that the beauty and harmony will be restored to her home with the return of her health and good spirits.—Advertisement.

Taste is a matter of tobacco quality

We state it as our honest belief that the tobaccos used in Chesterfield are of finer quality (and hence of better taste) than in any other cigarette at the price.
